1. (Internal Use Only - PLC) Called Sam Goldberg, Office of Legislative Liaison, Department of State, and informed him of our problems with the Senator James Abourezk (D., S. Dak.) amendment to S. 3394 which amends the Foreign Assistance Act and is now pending in the Senate Foreign Relations Committee. The amendment is intended to prohibit the U.S. training of foreign police but is so broadly stated that it seriously affects the Agency training of foreign liaison services. I asked Goldberg State's position on the amendment. He said he will check and let me know.

2. (Unclassified - DFM) Called Bill Shattuck, Counsel, Subcommittee on Claims and Governmental Relations, House Committee on the Judiciary, regarding H.R. 7335. This bill would increase the maximum amount payable by the Government to an employee for personal property damage in moving the employee to \$12,000 from the present \$6,500. He informed me that the Subcommittee had received generally favorable responses from the Department of State and the Department of Defense, but that the Department of Defense is pushing for a \$15,000 maximum. He expects the Subcommittee to act on the bill after the bill of impeachment is disposed of by the full Judiciary Committee.

3. (Unclassified - GLC) Called Jack Ticer, Senate Armed Services Committee staff, and told him that in response to Ed Braswell's question concerning mention of the oversight Subcommittees in the Baker report, the section titled "Action Required" really pertained to the oversight Subcommittees. Ticer will pass this on to Braswell.

25X1 4. [] Called Chairman Lucien Nedzi, Intelligence Subcommittee, House Armed Services Committee, and provided him with background information [] Nedzi had asked about. I told the Chairman we would send a paper to him on [] (which [] took up this afternoon) and Nedzi thanked me for the information.

25X1 5. [] Gordon Neese, Senate Armed Services Committee staff, called to arrange a date and time for the Director to brief the Military Construction Subcommittee in executive session on the Soviet presence in the Indian Ocean. After checking with the Director's office, Thursday, 11 July at 2:00 p.m. was agreed to. Navy Department witnesses will testify in open session in the morning. Neese will give me a list of questions he would like answered in the briefing but asked that it be done in a manner that would not look like we had the questions beforehand.

25X1 6. [] Talked with [] Deputy Director for Personnel, DIA, and it was agreed I should transfer to him for reply a letter I received from Eric Hultman, in the office of Senator Roman Hruska, concerning DIA personnel practices. I will advise Hultman of the transfer.

25X1 7. [] The Director received a phone call from Senator Stuart Symington regarding the Baker report, Chuck Colson and related matters and Symington said he thought the Director should do nothing at the moment but should have a detailed reply to every statement especially Colson's appearing in the press. Symington advised he had written a letter to Senator Stennis suggesting that they get Colson up before the Senate Armed Services Committee under oath. Symington wants the Director to be prepared to come up and answer any allegations that may arise at that time.
